

TPC grad and owner of Mind's Eye Movement Classic Pilates Studio, Kimberly McKnight, is looking to hire a TPC grad who is interested in moving to Durango, Colorado - home of the La Plata Mountains. Nestled in the Animas River Valley and surrounded by two million acres of the San Juan National Forest, Durango is a gem in the rough located in La Plata County in the southwestern corner of Colorado. Here the majestic Rocky Mountains meet the serene desert of the Four Corners region where Utah, New Mexico, Arizona and Colorado converge. Nature creates a playground of pine forests, aspen groves, lakes, streams and spectacular views around Durango, offering nearly every form of outdoor adventure possible-from biking, hiking, and running, to cross-country, skate and back-country skiing and snowshoeing; from kayaking and canoeing to camping and petro glyph exploration in the nearby desert and cliff areas and Mesa Verde National Park, all just short distances from the city limits. Durango is also home to a four-year college, regional medical facility, modern commercial airport, and a wide variety of boutiques, specialty shops, galleries and many diverse restaurants. The mountain scenery and excellent quality of life make it a great place to live. Mind's Eye Movement ([www.mindseyemovement.com](http://www.mindseyemovement.com)) is located on the north side of Durango just off Main Street as it heads north, following the beautiful Animas River to the well-know Purgatory Mountain Resort and Ski Area through numerous centuries-old family farms and horse ranches, and established wealthy subdivisions. Mind's Eye Movement is a very small, beautifully warm and inviting, highly successful studio. It is fully equipped, specializing in private and duet sessions only. I currently teach 20-25 hours per week with most clients committing to a year-long Preferred Client Program, encouraging the experience of Pilates as a life-long journey and a wonderful form of cross-training for those still in their athletically focused years. This also provides for a predictable schedule and income for me as a trainer and for anyone wishing to jump on board. The studio schedule could allow (for a TCP graduate interested in late afternoon, evening and weekend sessions) up to an additional 20 hours per week with compensation between \$30 and \$35 per hour. Looking for someone to be my right hand - reliable, hardworking, demonstrating quality with every act, and interested in building their professional life while doing what they love beyond their teaching hours. Please email resume and questions to [kimberly@mindseyemovement.com](mailto:kimberly@mindseyemovement.com) or call 970-759-9364 (only serious inquiries, please).
